The Pre-K program at St. Ambrose is designed for the group care and instruction of children. It must be recognized that not every child is ready for this kind of learning environment. All children must be bathroom independent and ready for group care and instruction.

The St. Ambrose Pre-K program is an extension of our K thru 8 Catholic school; therefore, we strive to create a Christian atmosphere through prayer, learning about God, Bible story reading, and various other related religious activities.

Our Pre-K program will provide your three or four year old with the basic classroom structure as well as the following curriculum:

- Daily religious curriculum
- Readiness skills in reading, math, and language
- Organized and free play to enable the child to grow in social skills
- Small and gross motor activities
- Opportunities to experience music and art

Children enrolled in the Pre-K program will participate in the same special subjects offered to the students in grades K-8.\* (art, music, computers, library, gym).

**Registration Fee is included in the rates below. The first month tuition is due at the time of registration, of which \$250.00 is non-refundable.**

Below are the tuition rates for the 2022-2023 school year for all families enrolling in our Pre-K program. The Pre-K rates below include special subjects\* and a daily snack.
